

Culture & Society Category

Photography

1. Demonstrate and explain the use of your camera, video, or other.
2. Explain how your camera records an image, as well as the developing process, if appropriate
3. Show examples of your work, describing the composition, choice of subject matter, and lighting and exposure.

Special Needs Awareness

1. Meet with an agency or person providing support to persons with a special need, and learn about the support given. Lead an awareness exercise or game for that special need.

OR

2. For at least three months, provide assistance with the ongoing support of a person with a special need.
